

Public CLDN4 extras — Spearman ρ with published n / p

Locked from PRs 239 / 251 / 289 / 290 / 292. CPTAC and GSE285029 CIs are published. GSE218989, PR290, GSE265899 whiskers are Fisher-z 95% display intervals from the published n and ρ — not a new test. No p-value was invented.
